Name of Individual or Party Accused: ASUNM Elections Commission

Section of the ASUNM Governing Documents of Standing Rules in Violation (Provide document, Section, All Subsections, and the page number): ASUNM Law Book, Election Code, Article IX, Election Code Article XIII Section 7

I hereby lodge an official complaint against (Name of Accused) the ASUNM Elections Commission who engaged in behavior violating ASUNM laws or guidelines, as detailed below.

Detail the nature of the complaint. Be succinct, factual, and clear – do not engage in attacks of a personal nature. If you need more space, attach additional pages. Attach any supporting documentation in proof of your complaint to the back of this page, after all completed statement pages.

On October 25<sup>th</sup>, Team ASUNM (who I am filing this appeal on behalf of), bought 10,000 flyers for \$350. We were only planning on using 7,000 of the flyers – we purchased the bulk number because it gave us a lower rate. On November 5<sup>th</sup>, the day after the election, I turned in my financial form and all of the remaining palm cards. On my financial form, as well as on everyone on Team ASUNM’s forms, the cost of 7,000 flyers were included in the financial form – a cost of \$245. The Elections Commission decided that the full cost of \$350 was spent, and that we couldn’t split the cost. The Elections Commission fined each of the candidates on our slate \$150 and determined the candidates who were elected (7 in our group) could not take their seat. We are, as a group, appealing the decision of the Elections Commission.

Due to the incident detailed above, I request the following relief: (optional – you are not required to fill out this section)

We demand that the fines of \$150 be removed and that candidates be eligible to take their seats. Even if the code is violated, these sanctions are completely unreasonable.
